

**4TH INTERNATIONAL CONFERENCE ON
BEHAVIORAL ADDICTIONS**

PROGRAM BOOK

**20-22 FEBRUARY, 2017
HAIFA, ISRAEL**

Chairs of the Conference

Aviv Weinstein, Ariel University (Israel)

Zsolt Demetrovics, Eötvös Loránd University (Hungary)

Scientific Committee

Elias N. Aboujaoude
Stanford University
(USA)

Sam-Wook Choi
Eulji University
(Republic of Korea)

Hojjat Adeli
Ohio State University
(USA)

Damiaan Denys
University of Amsterdam
(The Netherlands)

Judit Balázs
Eötvös Loránd University
(Hungary)

Jeffrey L. Derevensky
McGill University
(Canada)

Alex Baldacchino
University of Dundee
(United Kingdom)

Naomi Fineberg
University of Hertfordshire
(United Kingdom)

Joel Billieux
University of Luxembourg
(Luxembourg)

Anneke Goudriaan
University of Amsterdam
(The Netherlands)

Alex Blaszczynski
University of Sydney
(Australia)

Marie Grall-Bronnec
University Hospital of Nantes
(France)

Kenneth Blum
University of Florida
(USA)

Jon E. Grant
University of Minnesota
(USA)

Henrietta Bowden-Jones
Imperial College
(United Kingdom)

Mark Griffiths
Nottingham Trent University
(United Kingdom)

Gerhard Bühringer
Technische Universität Dresden
(Germany)

Heather Hausenblas
University of Florida
(USA)

Wim van den Brink
University of Amsterdam
(The Netherlands)

Tobias Hayer
University of Bremen
(Germany)

Susumu Higuchi

National Hospital Organization
Kurihama Medical and Addiction
Center
(Japan)

Eric Hollander

Montefiore Medical Center
(USA)

Jaeseung Jeong

Korea Advanced Institute of Science
and Technology
(Republic of Korea)

Yasser Khazaal

Geneva University Hospital
(Switzerland)

Daniel King

University of Adelaide
(Australia)

Orsolya Király

Eötvös Loránd University
(Hungary)

Ludwig Kraus

IFT Institute for Therapy Research
(Germany)

Emmanuel Kuntsche

Addiction Info Switzerland
(Switzerland)

Tamás Kurimay

Szent János Hospital
(Hungary)

Michel Lejoyeux

Paris University
(France)

Anikó Maráz

Eötvös Loránd University
(Hungary)

Giovanni Martinotti

'Gabriele d'Annunzio' University of
Chieti-Pescara

(Italy)

F. Gerard Moeller

University of Texas
(USA)

Marcantonio M. Spada

London South Bank University
(United Kingdom)

Astrid Müller

Hannover Medical School
(Germany)

Daniel Thor Olason

University of Iceland
(Iceland)

Nancy Petry

University of Connecticut
(USA)

Bettina Pikó

University of Szeged
(Hungary)

Marc N. Potenza

Yale University
(USA)

József Rácz

Hungarian Academy of Sciences
(Hungary)

Rory C. Reid

University of California Los Angeles
(USA)

Dan J. Stein

University of Cape Town
(South Africa)

Sherry H. Stewart

Dalhousie University
(Canada)

Attila Szabó

Eötvös Loránd University
(Hungary)

Ferenc Túry

Semmelweis University

(Hungary)
Alfred Uhl
Austrian Federal Health Institute
(Austria)

Róbert Urbán
Eötvös Loránd University
(Hungary)

Johan Vanderlinden
University Psychiatric Center
K.U. Leuven Campus, Kortenberg
(Belgium)

Alexander E. Voiskounsky
Moscow State University
(Russia)

Aviv M. Weinstein
Ariel University
(Israel)

Kimberly Young
Center for Internet Addiction
(USA)

Assistant Organizer

Mara Richman, Eötvös Loránd University (Hungary)

Organizing Institutes

International Society for the Study of Behavioral Addictions

Ariel University

Institute of Psychology, Eötvös Loránd University

Pro Psychologia Foundation

The Journal of Behavioral Addictions

Akadémiai Kiadó

CONTENT

PLENARY PROGRAM AND PARALLEL SESSIONS	6
MONDAY	<i>6</i>
TUESDAY	<i>8</i>
WEDNESDAY	<i>10</i>
DETAILED PROGRAM OF THE PARALLEL SESSIONS	11
DETAILED PROGRAM OF THE SHORT PRESENTATIONS	38

19 FEBRUARY, SUNDAY

15.00 – 19.00 *Registration*

20 FEBRUARY, MONDAY

8.00 – *Registration*

11.00 – 12.30 **PLENARY PROGRAM – DAY 1 .**

CHAIR AVIV WEINSTEIN

11.00 Opening

EITAN GORNI, Head, *Israeli Anti Drug Authority*

HAIM BELMAKER, Head, *Israeli Psychiatric Association*

ARTURO LERNER, Head, *ILSAM*

ZSOLT DEMETROVICS, *International Society for the Study of Behavioral Addictions*

11.20 Behavioural tracking in gambling: Implications for responsible gambling, player protection, and harm minimization

MARK GRIFFITHS

Nottingham Trent University (United Kingdom)

11.55 From Dostoyevsky to on-line gambling. New data on pathological gambling

MICHEL LEJOYEUX

Paris University (France)

12.30 – 13.30

Lunch

20 FEBRUARY, MONDAY

13.30 – 15.00 PARALLEL SESSIONS – 1.

- 1A** Internet-Related Disorders in DSM-5 and ICD-11
- 1B** Examinations of problematic pornography use: An emerging behavioral addiction?
- 1C** Gaming: etiology
- 1D** Compulsive buying
- 1E** Trans-Diagnostic Look at Behavioral Addictions: Clinical Impact and Presentation

15.00 – 15.30

Coffee Break

15.30 – 17.00 PARALLEL SESSIONS – 2.

- 2A** Prevention and early intervention of Internet related disorders
- 2B** Neuropsychological and biological correlates of hypersexual / compulsive sexual behaviors
- 2C** Gaming and Social Networking
- 2D** Smartphone use and internet addiction
- 2E** Gambling: epidemiology and etiology

17.30 – 18.30 ISSBA MEMBERS' MEETING

18.30 – 19.30 JBA EDITORIAL BOARD MEETING

20.00 – 22.00 WELCOME RECEPTION AT THE HOTEL

21 FEBRUARY, TUESDAY

9.20 – 10.30 PLENARY PROGRAM – DAY 2.

CHAIR JON GRANT

9.20 Internet addiction: Current theoretical considerations and future directions

MATTHIAS BRAND

University of Duisburg-Essen, Germany

9.55 Similarities and dissimilarities of substance use disorders and behavioral addictions

WIM VAN DEN BRINK

University of Amsterdam, The Netherlands

10.30 – 11.00

Coffee break

11.00 – 12.30 PARALLEL SESSIONS – 3.

3A Cognitive and neural correlates in Internet-communication disorder

3B Psychological and clinical correlates of hypersexual / compulsive sexual behaviors

3C Technological addictions, gaming, reward deficiency and measurement issues

3D Risk factors, personality features and clinical correlates of behavioral addictions

3E Gambling: treatment

12.30 – 13.30

Lunch

21 FEBRUARY, TUESDAY

13.30 – 14.10 SHORT PRESENTATIONS

SP-A Gambling

SP-B Internet use, gaming, and smartphone use

SP-C Miscellaneous

13.30 – 15.00 IADA SYMPOSIUM

Non-substance and substance addictions – unrelated or inseparable?

15.00 – 16.30 PARALLEL SESSIONS – 4.

4A Internet Addiction: Empirical insights into vulnerability factors, phenomenological subtypes, and its psychotherapeutic treatment

4B Treatment-related considerations involving hypersexual / compulsive sexual behaviors: What clinicians should know

4C Gaming: prevention and interventions

4D Impulsivity and inhibitory processes

4E Gambling: miscellaneous

16.30 – 17.15 ISSBA BOARD MEETING

17.30 – 19.30 SOCIAL PROGRAM

19.30 – 22.00 GALA DINNER

22 FEBRUARY, WEDNESDAY

9.15 – 11.00 PLENARY PROGRAM – DAY 3.

CHAIR MARC POTENZA

9.15 Pathological Gamblers: Comorbid Psychiatric Diagnoses in Patients and their Families. The differences between the male and female gamblers

PINHAS N. DANNON

Tel Aviv University, Israel

9.50 Buying Disorder: A widely ignored but prevalent behavioral addiction

ASTRID MÜLLER

Hannover Medical School, Germany

10.25 Trans-Diagnostic Treatment of Behavioral Addictions

JON E. GRANT

University of Chicago, USA

11.00 CLOSING CEREMONY

11.30 – 12.00 *Coffee break*

12.00 – 13.30 PARALLEL SESSIONS – 5.

5A Eating disorders, exercise dependence and body modification

5B Problem Gambling in Women: An International Female Perspective on Treatment and Research

5C Miscellaneous

5D Smartphone use: epidemiology, etiology and measurement

5E Gambling: cognitive processes

PARALLEL SESSIONS

DETAILED PROGRAM

1A

Internet-Related Disorders in DSM-5 and ICD-11

CHAIRS HANS-JÜRGEN RUMPF & SUSUMU HIGUCHI

TIME **20 February – MONDAY, 13.30 – 15.00**

ROOM **A**

PROGRAM

Contribution of different diagnostic criteria to the assessment of Internet Gaming Disorder as defined by the DSM-5
FLORIAN REHBEIN

Internet-related Disorders: Development of the Short Compulsive Internet Use Scale (Short CIUS)
HANS-JÜRGEN RUMPF

A closer look at tolerance in Internet Gaming Disorder
DANIEL KING

Application of draft ICD-11 diagnostic guidelines for gaming disorder for treatment seeking patients
SUSUMU HIGUCHI

Ten-Item Internet Gaming Disorder Test (IGDT-10): Psychometric properties across seven language-based samples
ORSOLYA KIRÁLY

1B

Examinations of problematic pornography use: An emerging behavioral addiction?

CHAIRS CHRISTIAN LAIER & MATEUSZ GOLA

TIME **20 February – MONDAY, 13.30 – 15.00**

ROOM **B**

PROGRAM

Brief Pornography Screener: A comparison of US and Polish pornography users
SHANE W. KRAUS

Psychometrics properties of a problematic pornography use scale and associations with psychological and clinical characteristics in US military veterans
ARIEL KOR

Sexual arousal reaction to pornographic stimuli mediates the relationship between predisposing personal characteristics and symptoms of Internet-pornography-viewing disorder.
CHRISTIAN LAIER

Craving responses to watching pornographic clips are related to symptoms of Internet-pornography-viewing disorder
JARO PEKAL

Pornography Avoidance Self-Efficacy Scale: Psychometric Properties
SHANE W. KRAUS

1C

Gaming: etiology

CHAIRS ANTONIUS J. VAN ROOIJ & KATAJUN LINDENBERG

TIME **20 February – MONDAY, 13.30 – 15.00**

ROOM C

PROGRAM

School-related risk factors associated with Internet gaming disorder and internet addiction

KATAJUN LINDENBERG

Can game transfer phenomena contribute to the understanding of the psychophysiological mechanisms of gaming disorder? A comparison of visual intrusions induced by videogames and mental disorders

ANGELICA B. ORTIZ DE GORTARI

Exploring Playing Motives, Persistence, and Disengagement in Young Children's Active Video Game Play

ANTONIUS J. VAN ROOIJ

What specific computer games addicted teens' traits may contribute to addictive behavior?

TATIANA KRYUKOVA & MARIA SAPOROVSKAYA

Internet addiction among methadone maintenance treatment patients

EINAT PELES

1D

Compulsive buying

CHAIRS MATTHIAS BRAND & PATRICK TROTZKE

TIME **20 February – MONDAY, 13.30 – 15.00**

ROOM **Margaréta**

PROGRAM

Compulsive Buying Behavior: Characteristics of Comorbidity with Gambling Disorder
FERNANDO FERNÁNDEZ-ARANDA

Adverse childhood events in patients with buying disorder
BIRTE VOGEL

**Reward and punishment sensitivity in women with gambling disorder and compulsive
buying behavior: implications in treatment outcome**
SUSANA JIMÉNEZ-MURCIA

**The influence of shopping related pictures on risky decision-making in individuals with a
tendency to buying disorder**
PATRICK TROTZKE

1E

**Trans-Diagnostic Look at Behavioral Addictions: Clinical Impact
and Presentation**

CHAIRS JOHN GRANT

TIME **20 February – MONDAY, 13.30 – 15.00**

ROOM **E**

PROGRAM

Technology Addiction: A Behavioral Addiction?
SAMUEL CHAMBERLAIN

Compulsivity and Impulsivity in Sexual Addiction
ERIC LEPPINK

Trichotillomania and Skin Picking Disorder: Clinical Update
SARAH REDDEN

Cross Cultural Understanding of Gambling Disorder
GUSTAVO MEDEIROS

Trans-Diagnostic Look at Behavioral Addictions: Clinical Impact and Presentation
JOHN GRANT

2A

Prevention and early intervention of Internet related disorders

CHAIRS FLORIAN REHBEIN & DANIEL KING

TIME **20 February – MONDAY, 15.30 – 17.00**

ROOM A

PROGRAM

Current state of research on intervention measures targeting Internet gaming disorder
DANIEL KING

Effectiveness of integrated health care for internet use disorders in adolescents and young adults
KATAJUN LINDENBERG

**The Self-Discovery Camp (SDiC) for the treatment of Internet Gaming Disorder:
Results of short-term and long-term follow-up studies**
SATOKO MIHARA

**Policy guidelines of situational prevention measures in internet related disorders:
Results of a German expert group commissioned by the Federal Ministry of Health.**
FLORIAN REHBEIN

Early Interventions for Internet-related Disorders: the iPIN pilot study
HANS-JÜRGEN RUMPF

2B

**Neuropsychological and biological correlates of hypersexual /
compulsive sexual behaviors**

CHAIRS MATEUSZ GOLA & JUSSI JOKINEN

TIME **20 February – MONDAY, 15.30 – 17.00**

ROOM **B**

PROGRAM

Methylation of the HPA axis related genes in men with hypersexual disorder
JUSSI JOKINEN

**Cue-reactivity and craving in internet-pornography-viewing disorder: Behavioral and
neuroimaging findings**
MATTHIAS BRAND

Compulsive sexual behaviour: prefrontal and limbic volume and interactions
VALERIE VOON

**Altered orbitofrontal reactivity during reward processing among problematic
pornography users and pathological gamblers**
MATEUSZ GOLA

Distractibility by sexual stimuli – a biological marker of hypersexuality?
RUDOLF STARK

2C

Gaming and Social Networking

CHAIRS JING SHI & INA KONING

TIME **20 February – MONDAY, 15.30 – 17.00**

ROOM C

PROGRAM

Prevalence and Correlations to Video Game Addiction in Youth
JING SHI

**The role of emotional competence in the relationship between Internet addiction and psychological adjustment among Hong Kong adolescents:
A cross-sectional study**
LU YU

Types of adolescents' internet overuse: Classification using environmental conditions and psychological values
BUGEUN KIM

Functional Impairment in Disordered Social Networking Site Use: Evidence for a Pathological Condition?
JULIA M. HORMES

Social media and internet gaming disorder: The role of internet-specific parenting
INA KONING

2D

Theoretical Issues, smartphone use and internet addiction

CHAIRS REGINA VAN DEN EIJNDEN & ALEXANDER VOISKOUNSKY

TIME **20 February – MONDAY, 15.30 – 17.00**

ROOM **D**

PROGRAM

Substance and Behavioral Addictions: Concepts, Causes, and Cures
STEVE SUSSMAN

Smartphone addiction proneness, Internet addiction, and approaches to learning
DMITRI ROZGONJUK

Are smartphone dependence symptoms related to FoMO, craving and withdrawal symptoms during smartphone abstinence? Findings from a natural experiment
REGINA VAN DEN EIJNDEN

High-school students: Social adaptation and internet addiction
ALEXANDER VOISKOUNSKY

Internet-addictions in teenagers bullied in the educational environment
ANNA G. SAMOKHVALOVA

2E

Gambling: epidemiology and etiology

CHAIRS JAMES SANDERS & SHARON RABINOVITZ

TIME **20 February – MONDAY, 15.30 – 17.00**

ROOM **E**

PROGRAM

Youth problem gambling: A cross-cultural study between Portuguese and English youth

FILIPA CALADO

Factors distinguishing Problem Gamblers, Problem Video-Gamers, and Dual Problem Gamblers/Video-Gamers

JAMES SANDERS

Gambling motives: a process underlying cognitive distortions on gamblers?

SASHA MATHIEU

Examining the role of (un)conscious determinants in online gambling: Complementing the theory of planned behavior with the concept of habit

ANTONIUS J. VAN ROOIJ

Effects of social exclusion and losing a bet on economic decision making in social gamblers

SHARON RABINOVITZ

3A

Cognitive and neural correlates in Internet-communication disorder

CHAIRS BENJAMIN STODT & ELISA WEGMANN

TIME **21 February – TUESDAY, 11.00 – 12.30**

ROOM A

PROGRAM

**Social networking sites and social media addiction:
Insights from current empirical research**
DARIA KUSS

**Symptoms of an Internet-communication disorder can be predicted by individual
competences, expectancies, and psychopathological symptoms**
BENJAMIN STODT

**Decision-Making in Disordered Social Networking Site Use: Results from the Iowa
Gambling Task**
JULIA M. HORMES

**Cue-induced craving in Internet-communication disorder: comparison of visual and
auditory cues**
ELISA WEGMANN

**Relations of cue-specific executive and inhibitory control with tendency towards
internet-communication disorder**
SILKE M. MUELLER

**Exploring the neural basis of emotional inhibitory control and self-concept in
internet gaming and social network disorders**
TAGRID LEMÉNAGER

3B

Psychological and clinical correlates of hypersexual / compulsive sexual behaviors

CHAIRS SHANE W. KRAUS & EWELINA KOWALEWSKA

TIME **21 February – TUESDAY, 11.00 – 12.30**

ROOM **B**

PROGRAM

Interpersonal violence, early life adversity and suicidal behavior in men with hypersexual disorder
JUSSI JOKINEN

Clinical characteristics associated with digital hookups, psychopathology, and clinical hypersexuality among US military veterans
SHANE W. KRAUS

How impulsivity is related to problematic pornography use? Longitudinal study among participants of 12-steps sexual addiction treatment program
EWELINA KOWALEWSKA

Behavioral Indications of Cognitive Disruption in Hypersexuality
MICHAEL H. MINER

Attentional bias and inhibition in males with tendency to Internet-pornography-viewing disorder
STEPHANIE ANTONS

3C

**Technological addictions, gaming, reward deficiency and
measurement issues**

CHAIRS OLATZ LOPEZ-FERNANDEZ & HALLEY M. PONTES

TIME **21 February – TUESDAY, 11.00 – 12.30**

ROOM C

PROGRAM

**The evolution of a potential behavioural addiction through technologies: an explorative
study from excessive online users' perspective**

OLATZ LOPEZ-FERNANDEZ

**Findings from a multi-technological addictions study amongst school-aged Portuguese
adolescents**

HALLEY M. PONTES

**Reward Deficiency Syndrome Questionnaire (RDSQ) – A new tool to assess the
psychological features of reward deficiency**

ZSOLT DEMETROVICS

Investigating the psychometric properties of a scale assessing Internet Gaming Disorder

TURI REITEN FINSERÅS

Out-of-control use of the internet for sexual purposes as behavioural addiction?

ANNA ŠEVČÍKOVÁ

3D

**Risk factors, personality features and clinical correlates of
behavioral addictions**

CHAIRS BERT THEODOR TE WILDT & ASTRID MÜLLER

TIME **21 February – TUESDAY, 11.00 – 12.30**

ROOM **D**

PROGRAM

**Risk for exercise dependence, eating disorder pathology, alcohol use disorder and
addictive behaviors among clients of fitness centers**

ASTRID MÜLLER

Co-morbid personality disorders in patients with Internet addiction

BERT THEODOR TE WILDT

Gambling and Age: A Complex Relationship throughout the Lifespan

SUSANA JIMÉNEZ-MURCIA

**Food Addiction in Bulimia Nervosa: Clinical Correlates and Association with Response
to a Brief Psychoeducational Intervention**

FERNANDO FERNÁNDEZ-ARANDA

3E

Gambling: treatment

CHAIRS BARBARA BRAUN & LUQUIENS AMANDINE

TIME **21 February – TUESDAY, 11.00 – 12.30**

ROOM **E**

PROGRAM

**Trajectories of gambling behaviour and gambling problems in outpatient care –
Results from an ongoing study**
BETTINA GRÜNE

Readiness to change in gamblers seeking outpatient treatment
BARBARA BRAUN

Online psychotherapy among problem poker gamblers: 3 years of follow up
LUQUIENS AMANDINE

**Development of the Gambling Quality of Life Scale (GQoLS):
A new patient-reported outcome measure to assess health-related quality of life
in gambling disorder**
NICOLAS A. BONFILS

IADA

Non-substance and substance addictions – unrelated or inseparable?

Symposium of the Israel Anti-Drug Authority (IADA)

CHAIRS HAGAI BROSH

TIME **21 February – TUESDAY, 13.30 – 15.00**

ROOM **D**

PROGRAM

**Drugs, Alcohol & Behavioral addictions- Developing and implementing a
comprehensive policy**
SUZAN BEN EZRA

**Biological substrate for the co-existence of behavioral addictions and substance
use disorders: a concise overview and some clinical topics**
A. G. LERNER

**Behavioral addictions among abstinent substance abusers in halfway houses:
The emergence of new clinical challenges and ways forward**
RAN PERLMAN & SHARON RABINOVITZ

**Multiple Substances and Behavioral Addictions Among the Hard-to-Reach
Population in the 'Largest Open Drug Scene' in Israel**
BONNY-NOACH HAGIT & TOYS SHARON

**Would Mixed-Disorders-TC (therapeutic community) appropriate to gambling
disorder?**
AMNON MICHAEL & AYELET HAIMMOVITZ

**The social determinants of clustering effects between substance use, violence,
and other risk behaviors of Israeli Youth: Findings from the WHO-HBSC
survey**
YOSSI HAREL-FISCH

4A

Internet Addiction: Empirical insights into vulnerability factors, phenomenological subtypes, and its psychotherapeutic treatment

CHAIRS KAI W. MÜLLER & DARIA KUSS

TIME **21 February – TUESDAY, 14.30 – 16.00**

ROOM A

PROGRAM

Internet Gaming Disorder Symptoms in Emergent Adulthood: The Interplay Between Anxiety and Family Cohesion
VASILEIOS STAVROPOULOS

Associations between psychosocial maladjustment and internet addiction among adolescents
KAI W. MÜLLER

Problematic mobile phone use and mobile phone addiction
DARIA KUSS

Development and Evaluation of an Online Ambulatory Service for Internet addicts (OASIS)
BERT TE WILDT

Short-term Treatment of Internet and Computer game Addiction (STICA) – a randomized clinical trial
KLAUS WÖLFLING

4B

Treatment-related considerations involving hypersexual / compulsive sexual behaviors: What clinicians should know

CHAIRS MARC N. POTENZA & GRETCHEN R. BLYCKER

TIME **21 February – TUESDAY, 14.30 – 16.00**

ROOM **B**

PROGRAM

How might compulsive sexual behaviors be considered in ICD-11 and what are the clinical implications?

MARC N. POTENZA

Mindfulness-based interventions in the assessment, treatment and relapse prevention of compulsive sexual behaviors: Experiences from clinical practice.

GRETCHEN R. BLYCKER

Treatment seeking for problematic pornography use among women

KAROL LEWCZUK

Clinical diversity among males seeking treatment for compulsive sexual behaviors.

Qualitative study followed by 10-week diary assessment.

MAŁGORZATA WORDECHA

Adolescent hypersexuality: Is it a distinct disorder?

YANIV EFRATI

4C

Gaming: prevention and interventions

CHAIRS ELFRID KROSSBAKKEN & MELINA A. THROUVALA

TIME **21 February – TUESDAY, 14.30 – 16.00**

ROOM **C**

PROGRAM

**The effects of a parental guide for the prevention of video game problems in children:
A randomized controlled trial**
ELFRID KROSSBAKKEN

**Delivering School-based Prevention regarding Digital Use for Adolescents: A
systematic Review in the UK**
MELINA A. THROUVALA

**A Randomized Efficacy Trial of a Cognitive-Behavioral Intervention to Prevent
Internet Use Disorder in Adolescents – Preliminary Results**
KATAJUN LINDENBERG

**Diversity in the implicit theories of addiction prevention that people hold:
Age, religion and sex differences**
MOSHE ISRAELASHVILI

4D

Impulsivity and inhibitory processes

CHAIRS WANJOO PARK & GIACOMO GRASSI

TIME **21 February – TUESDAY, 14.30 – 16.00**

ROOM **D**

PROGRAM

**Neurophysiological Indicators of Internet Gaming Addiction in Resting State
Electroencephalography
WANJOO PARK**

**A meta-analysis of inhibition abilities in disorders with impulsivity issues
MARA RICHMAN**

**Reaction time and inhibitory control: comparison in various video game genres (FPS,
MOBA, MMORPG)
JORY DELEUZE**

**Neuromodulation of inhibitory control networks for impulsive-compulsive disorders
GIACOMO GRASSI**

**Impulse control and pain: A possible link in Parkinson's disease.
GIOVANNI ALBANI**

4E

Gambling: miscellaneous

CHAIRS SUSUMU HIGUCHI & BELLE GAVRIEL-FRIED

TIME **21 February – TUESDAY, 14.30 – 16.00**

ROOM **E**

PROGRAM

High prevalence of gambling disorder and its associated factors in Japan
SUSUMU HIGUCHI

**“The National Programme Counteracting Gambling and Behavioural Addictions” in
Poland (2009-2016)**
BOGUSŁAW HABRAT

**Self-Stigma in Individuals with Gambling Problems: Comparisons to People with
Alcohol and Other Substance Use Problems**
BELLE GAVRIEL-FRIED

**Beliefs and Opinions of Social and Health Care Professionals with Respect to Problem
Gambling**
SARI CASTREN

Collectible Card Games: Another form of behavioral addiction?
JAMES SANDERS

5A

Eating disorders, exercise dependence and body modification

CHAIRS ZOE VAN DYCK & MAAYAN LEVIT

TIME **22 February – WEDNESDAY, 12.00 – 13.30**

ROOM A

PROGRAM

**Investigating food choice processes using hand movements in bulimia nervosa and
binge eating disorder**
ZOE VAN DYCK

**A study on the relationship between exercise addiction, abnormal eating attitudes,
anxiety and depression among athletes in Israel**
MAAYAN LEVIT

Addiction to body modification as a behavior addiction
ALEXI EGOROV

**Behavioral patterns and perceptions relating to body modification in Israel: Tattoos,
piercings, and sub-dermal implants**
BONNY-NOACH HAGIT

5B

**Problem Gambling in Women: An International Female
Perspective on Treatment and Research**

CHAIRS FULVIA PREVER & BELLE GAVRIEL-FRIED

TIME **22 February – WEDNESDAY, 12.00 – 13.30**

ROOM **B**

PROGRAM

**"Problem Gambling in Women: An International Female Perspective on Treatment
and Research"**
FULVIA PREVER

Factors influencing treatment-seeking behavior in female pathological gamblers
LAURA BRANDT

Gambling Habits in Spanish Women
SUSANA JIMÉNEZ-MURCIA

**Effectiveness of self-exclusion: The experiences of female gamblers in three Swiss
casinos**
ANNA-MARIA SANI

The Good Mother Myth as perceived by Israeli Women with a Gambling Disorder
BELLE GAVRIEL-FRIED

**Shape and size - An Exploration of both intended and unintended consequences and
responses of gambling within a diverse society with reference to South African women.**
LINDA DE VRIES

Women & Problem Gambling in Italy; still a hidden addiction?
FULVIA PREVER

5C

Miscellaneous

CHAIRS MAÈVA FLAYELLE & ROBERT PRETLOW

TIME **22 February – WEDNESDAY, 12.00 – 13.30**

ROOM **C**

PROGRAM

**Toward an in-depth understanding of binge-watching behavior: a qualitative approach
with focus group**
MAÈVA FLAYELLE

Does Gratitude Promote Recovery from Substance Misuse?
GILA CHEN

Treatment of Obesity Using Behavioral Addiction Methods: a Pilot Study
ROBERT PRETLOW

**The contribution of personality factors and gender to ratings of sex addiction among
men and women who use the internet for sex purposes**
LI SHIMONI L.

5D

Smartphone use: epidemiology, etiology and measurement

CHAIRS QIAOLEI JIANG & ATTILA SZABO

TIME **22 February – WEDNESDAY, 12.00 – 13.30**

ROOM **D**

PROGRAM

Smartphone use and smartphone addiction among Chinese high school students
QIAOLEI JIANG

**Prevalence and Correlates of Problematic Smartphone Use in a Large Random Sample
of Chinese Undergraduates**
JIANG LONG

The associations between smart phone use and interpersonal sensitivity
ZLIL BAREBI

**Development and Validation of a Smartphone Deprivation Scale (SDS) For Use With
Schoolchildren**
ATTILA SZABO

**Factors associated with adolescents' smartphone addiction in accordance with
household income type**
JINHAN CHOI

5E

Gambling: cognitive processes

CHAIRS JUAN F. NAVAS & ADRIAN PARKE

TIME **22 February – WEDNESDAY, 12.00 – 13.30**

ROOM **E**

PROGRAM

Abnormal corticolimbic functional connectivity underlies mood-related impulsivity in gambling disorder
JUAN F. NAVAS

The joint role of impulsivity and distorted cognitions in gambling: a cluster analytic approach
GAËTAN DEVOS

Can structural characteristics of electronic gaming machines (egms) reduce cognitive control with a gambling session: Implications for problem gambling interventions?
ADRIAN PARKE

Impairment of decision making measured by the Iowa Gambling Task in alcohol dependence and gambling disorder: A systematic review and meta-analysis
ILDIKÓ KOVÁCS

Using interference-based intervention to block gambling craving: A proof of principle study
AURÉLIEN CORNIL

SHORT PRESENTATION DETAILED PROGRAM

SP-A

Gambling

CHAIRS MARIE GRALL-BRONNEC

TIME **21 February – TUESDAY, 13.30 – 14.10**

ROOM A

PROGRAM

Gambling transitions among adult gamblers: A multi-state model using a markovian approach applied to the JEU cohort
MARIE GRALL-BRONNEC

Online Gamblers Opinion about Harm-Minimisation Tools
JULIE CAILLON

Addicted to food? People with excess weight and gambling disorder patients present qualitatively different impulsivity and value-based decision-making profiles
JUAN F. NAVAS

What's the relationship between impulsivity traits and anxiety-depressive symptomatology on men gamblers?
SASHA MATHIEU

Gambling disorder: Association between duration of illness, clinical and neurocognitive variables.
GUSTAVO C. MEDEIROS

Gender Differences in Recreational, At-Risk and Disordered Gambling: An Analysis of a Non-Treatment Seeking Sample.
DANIELA G. SAMPAIO

Effectiveness of Self-Exclusion: The Experiences of Gamblers in Three Swiss Casinos
ANNA-MARIA SANI

SP-B

Internet use, gaming, smartphone use

CHAIRS JOEL BILLIEUX

TIME **21 February – TUESDAY, 13.30 – 14.10**

ROOM A

PROGRAM

Psychological processes implied in the development, maintenance and relapse of Internet Gaming Disorder: Protocol for a study to be conducted in treatment-seeking cases

VINCENT DETHIER

**Predicting Internet Gaming Disorder Symptoms in young adolescents:
A one-year follow-up study**

MARGOT PEETERS

Is it just a phase? Transitions in problematic gaming among adolescents

MICHELLE COLDER CARRAS

**Development and validation of Semi-structured Diagnostic interview for Internet
Addiction (DIA) scale**

SANYEOWOOL OH

**The relation between internet/game, smartphone addiction and psychosocial factor of
children and adolescent in the Republic of Korea**

YEONG-SEON JO

PC versus smartphone, what makes difference?

A latent class analysis of internet and smartphone addiction in adolescents

CHORONG NAM

**Problematic Social Networking Sites use among adolescents: A national representative
study**

ZSOLT DEMETROVICS

SP-C

Miscellaneous

CHAIRS AVIV WEINSTEIN

TIME **21 February – TUESDAY, 13.30 – 14.10**

ROOM C

PROGRAM

The six-component problematic pornography consumption scale
ZSOLT DEMETROVICS

Sex mindset beliefs can diminish the negative association between relationship satisfaction and problematic pornography consumption
